They are compassionate for their neighbors and eager to help them to excel beyond barriers. UWSCC currently funds 37 essential health and human service programs throughout St. Clair County; many of which deeply rely on the generosity of the community and funding through UWSCC. These affiliated programs, which help to improve quality of life, served over 11,650 St. Clair County residents last year alone.

With the help of the Stebbins Family Fund Leadership Matching Grant, this year's Campaign has seen many new contributors and increased employee giving through payroll deduction.
