~ CONNECTING WITH THE COMMUNITY ~

We joined many local organizations at the St. Clair County Community Resource Fair this month; held at St. Clair County Community College. Hundreds of residents came to our booth looking for assistance and resources to keep on hand for when they do need help. It was a little surprising how many people were there who were unfamiliar with 2-1-1 and our Direct Services. Many wonderful conversations were had to inform people of the Medical Loan Closet and other services we offer, the programs we support, and the exceptional resource that 2-1-1 is for our community! Attendees were grateful for this information and happily took brochures home with them and to pass around to others. Here are a few photos from our day of community outreach.

BUILDING A STRONGER COMMUNITY

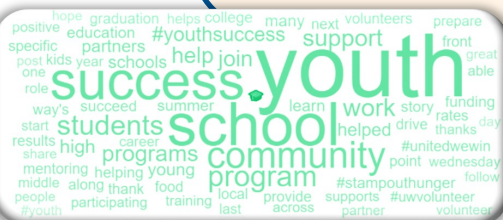

Presented by:
SONS

Talented TENTH . . .

"George" was a socially awkward eighth grader who was told by the Talented TENTH volunteers, "I see you as a leader." Little did the director know what impact that would have on this particular student. George decided to join the Talented TENTH program in his ninth grade year. He went on to become an officer in the program as well as a member of the honor society in his 10th grade year.

George now is a freshman at Michigan State University. He will tell anyone in a New York minute the positive impact the Talented TENTH program had in his life. His mother also expresses an almost embarrassing gratitude for what the program has meant to her son. He knows he is loved and believed in!

BUCKETS FOR GOOD

Look familiar?

Ted's Coney Island is still selling empty, 5-gallon plastic pickle buckets! All proceeds go to United Way of St. Clair County. Available in all three Ted's locations.
