

Dear Friends:

This year has become known as the year of uncertainty and deviations from our norms. We regularly hear of things being canceled or postponed. On behalf of United Way of St. Clair County (UWSCC), I am pleased to announce that the 2020 Community Campaign is still on!

Throughout the 2020 Community Campaign, we want to make sure that we accommodate your company's current health and safety policies. United Way volunteers and staff recognize that all businesses are unique and, therefore, are flexible when it comes to meeting with your employees. Please consider the following possibilities.

Option #1: In consideration of the current climate, we are now offering a video conference to replace our traditional, in-person meeting. This option is accompanied by a link to our 2020 Campaign Video that can be viewed before or during the video conference.

Option #2: Multiple, smaller United Way in-person presentations with a portion of your employees in each so they can abide by appropriate COVID guidelines.

Option #3: A more traditional, in-person presentation with all employees in one meeting while still meeting appropriate COVID guidelines.

Option #4: An in-person presentation with a video conference that allows employees to meet in person or online based on their comfort level around the COVID guidelines.

Is there something else that better suits your needs? Please let us know. We will be happy to take it into consideration! If you have any questions or concerns, or to schedule a meeting, please contact me at (810) 985-8169 ext. 120 or campaign@uwstclair.org. Thank you for your support!

Sincerely,

Mallory Michaluk

Resource Development Director

Mission Statement

To mobilize the community of St. Clair County to raise funds and/or resources to meet identified human service needs with the highest level of accountability and community involvement.
