

Megan Simmons

Board Member, United
Way of St. Clair County
Megan Simmons, State
Farm Insurance Agent

Liz King RN BSN

Health Officer-Director
St. Clair County Health
Department

Every day, people in our community face impossible choices - between food and rent, medication and heat, safety and survival. In 2025-26, more than ever the families and individuals that are near or in poverty levels will face these challenges. **The programs funded by United Way of St. Clair County will be more important than in the past.**

Will you walk along side our community by supporting this campaign with your donation? Whether it is payroll deduction or a one-time contribution, every dollar helps. **Let's do this together, United We Give-United We Stand!!!**

Mission:

To mobilize the community of St. Clair County to funds and/or resources to meet identified human service needs with the highest level of accountability and community involvement.

United Way
of St. Clair County

United Way embodies the spirit of living united within the community. Last year, United Way **211 answered more than 3,514 phone calls**, connecting residents of St. Clair County to essential community resources. In our county, **over 10,000 people have used a program or service that is funded by United Way**. These are often hardworking members of the community, facing difficult times. The need within the community is significant, but with continued support, there is hope for a brighter future!

Due, in part, to your generous contributions to the United Way of St. Clair County last year :

- **69,300,000 dollars raised** for essential services since 1924.
- **The United Way of St. Clair County** provided \$60,000 of Emergency Housing funding to **Blue Water Community Action Agency**.
- **The United Way of St. Clair County** provided \$60,000 of Utility Assistance funding to **Blue Water Community Action Agency**. 203 households in St. Clair County received assistance equaling \$295.57 each, per household.
- 4,353 youth in St. Clair County **Imagination Library** between the ages 0 - 5 receive a free age-appropriate book delivered to their mailbox each month. The total number of books distributed since the program began is over 600,000. United Way provides funding for the at-risk population.
- The **United Way Medical Loan Closet** had 720 visits for durable and disposable medical supplies.
- 350 survivors of domestic violence, sexual assault and elder abuse were kept safe from their offender last year while **Blue Water Safe Horizons Carolyn's Place Shelter**.
- 76 young people found stability and support for their education at **The Harbor**, a shelter for runaway and homeless youth.
- Through **Visiting Nurse Association** 139 seniors received Special Care Services, Hospice Services or Personal Emergency Response System Program Services.
- 306 persons of disability received Advocacy services from the **ARC of St. Clair County**.
- 291 St. Clair County residents received peer support recovery services through **BWROC**.

** Data is based on the organization reports of services provided through United Way 2024-25 allocations.

United We Stand. United We Give.
